## TV PLATE WITH RECESSED POWER / 2 GANG

**TVP-2G-W**      Color: **White** or **Grey**

*NOTE: Electrical receptacle included. Does require a single gang electrical back box. Accepts any standard single gang box.*

- Recessed so you can install power and low voltage cables behind your flat panel TV, Amplifier, or other audio/video devices.
- Includes electrical receptacle attached.
- Can be used for retrofit or New Construction (needs single back box for new construction).
- Built in Flush Feed-Thru opening for bulk cable runs with wings that mount to drywall without an additional bracket.
- Comes with easy to use cut out template.
- Can be installed upright or upside down.
- Plate Size: 4 11/16 x 3 3/4
- Available in **White** or **Grey**

*NOTE: For Grey, replace "W" in part number with a "G"*

<u>1-9</u>	<u>10+</u>	<u>20+</u>
<b>\$ 19.91 ea</b>	<b>\$ 18.62 ea</b>	<b>\$ 17.67 ea</b>

## TV BOX WITH RECESSED POWER / 4 GANG

**TVB-4G-W**      Plate Color: **White**

*NOTE: Cable, phone ,and electrical outlet not included. Shown for illustration purposes only. Includes an attached electrical back box.*

- Recessed so you install power and low voltage cables behind your flat panel TV, Amplifier, or other audio/video devices.
- Can be used for retrofit or New Construction.
- Its double-gang design allows TWO duplex receptacles (or use voltage separator for one duplex power and one low-voltage outlet). There are two additional built-in mounts for low-voltage such as speakers, satellite TV, surround- sound, or other media datacomm connections.
- The 13" wide, non-metallic TV BOX(TM) mounts between 16" o.c. studs for a secure horizontal or vertical installation.
- Plugs stay inside the box and don't extend past the wall.
- Textured, paintable trim plate covers edges of drywall.
- Includes electrical back box for receptacle.
- Available in **White** only.
